Carreer History

May 2024 - Current

Westpac Banking Corporation

Software Engineer and Technical Specialist

Since the beginning of May this year, I have been doing part-time work for Westpac on Kent Street. I am part of the Java-dedicated website testing team, within which I have been writing Java code.

- Learnt a new programming language in 3 days to a level of professional use
- Developed 8 programs according to dynamic requests including 7 individual request amendments and 4 live demonstrations
- Engaging in technical support for 4 MacOS users in the team

December 2020 - Current

D & A Consulting

Assistant Tax Agent and Technical Specialist

Additionally, I have been working part-time for a tax agency company. I assist with customer bookkeeping and communication, in combination with organising all technology related to the business.

- Interacting with 4 customers on a daily basis in both a personal and business context
- Organising thousands of excel documents and other financial data sets for P&Ls, Tax returns, BAS, and more
- Organising the purchase, installation and maintenance of 100s of advanced technological systems and devices, including 5 Apple products

November 2023 - May 2024

DataMeet - Client: South Sydney Football Club (Rabbitohs)

Software Engineer and Technical Specialist

I worked for 6 months at Datameet, a contracting company working with the Rabbitohs NRL club in Heffron. I developed internal websites to track KPIs and other statistics and provided assistance with technical needs.

- Learnt more than 10 languages, 5 of which were used on a daily basis to create 3 websites
- Interacted with 3 teams within Rabbitohs to coordinate meetings and engage in technical assistance

November 2021 - November 2022

Target Australia

Retail Sales Associate

I worked for 12 months at the Target retail outlet in Westfield. My main positions were assisting customers with checkouts and greeting new customers at the door.

- Extensive knowledge of the store's 12+ areas and respective products
- Guided thousands customers based on their needs and requests to their desired area or product
- Ensured positive customer service as the first impression of the store
